

It takes an American original to play one.

RadialPro® Drums  
by Peavey

It's no secret that the legendary Don Brewer has an influential sound. The opening of "We're An American Band" is standard reference for most drummers. In searching for a kit to complement his distinctive style, he knew one thing – he wanted it to be extraordinary. That's why he plays RadialPro drums, made in the USA by Peavey. Our patented radial bridge design removes tuning and mounting hardware stresses from the drum's shell. That allows them to be extremely thin, so they can resonate freely like the soundboard on a violin. So they not only look distinctive, they also have a deep, resonant tone that sets them apart from conventional drums. It's exactly the kind of edge Don was looking for.
